

K&L CARBURETOR ADJUSTMENT WRENCHES

These tools use tough and accurate bevel gear actuation instead of cable for professional use. The aluminum handle includes index marks for accurate tuning. Sold each. Three types available:

- 35-9653 Slot-type Pilot Screw Adjustment Wrench for Kawasaki/Suzuki/Yamaha
- 35-9658 Slot-type Pilot Screw Adjustment Wrench with longer tip for Kawasaki/Suzuki/Yamaha
- 35-9650 D-type Keihin Pilot Screw Adjustment Wrench for Honda

CARBURETOR ADJUSTMENT TOOLS

Designed for most popular applications. These tools make those hard to reach carb adjustments easy and safe. Sold each.

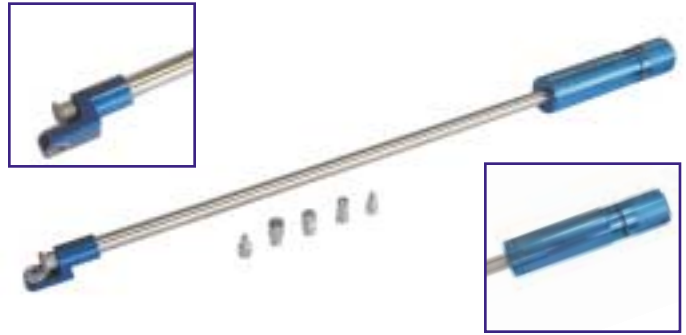

- 35-9645 Mikuni Pilot Screw Adjustment Wrench, cable actuated
- 35-1968 Keihin Pilot Screw Adjustment Wrench, cable actuated
- 35-9656 Carb Sync Wrench--(07908-KE70000), cable actuated
- 35-9655 Carb Sync Adjustment Wrench- designed for use on Honda, Kawasaki, Suzuki, and Yamaha. Fits both Mikuni and Keihin carbs with 8mm hex nut and screw driver set.

MINI-T CARB TOOL

This unit has a #2 Phillips bit, #1 Straight slot bit and a 6mm hex socket as well as storage for three main jets. Specifically designed for four-strokes, so you can access your jets without the need to remove the carb. Will also work with many two-stroke models.

- 35-0911 Mini-T Carb Tool

90-DEGREE 1/4" HEX DRIVER

This gear driven, 1/4" hex driver set is made of high-grade aluminum and stainless steel. Strongest tool of it's type on the market. Designed for use on hard-to-reach pilot air screws on inline fours. Can be used with any 1/4" or 6mm hex bits.

- 35-7820 90-Degree 1/4" Hex Driver Set:
Includes straight slot, phillips, d-shape pilot screw bit, 6mm hex jet bit & 1/4" - hex - 1/4" drive bit.

FCR CARB TOOL

Set includes three bits - 6mm hex for main jets, long reach straight slot for pilot jets and 3mm allen for float bowl removal. Longer bits make this set ideal for reaching into recessed cavities when adjusting Keihin FCR carburetors. Sold as a set.

- 35-7978 FCR Carb Tool

JET DRIVER

- 35-2270 Perfect for removal of jets from small recessed passages.

12" DRILL BIT

For removal of carburetor plug. (mixture screw plug) 1/8" bit x 12 inch length.

- 35-1186 YM-33217-16

JET WRENCHES

These steel jet wrenches have a rubber snap-off lid over a storage area for extra jets. Handle is knurled for secure grip. Sold each.

- 35-4180 Jet Wrench for 6mm round jets
- 35-4181 Jet Wrench for 8mm round jets
- 35-4182 Jet Wrench for 6mm hex jets
