

K&L MC25 METRIC ENGINE STAND

This versatile engine stand is easily adjustable to accommodate the wide range of engine types in service today, from in-line fours to Metric Cruisers. Height and width are both adjustable on the MC25, another major feature is the ability to rotate an engine a full 360 degrees.

Pan removal, transmissions, and starter clutches are just a few of the services that will be made easier with MC25; the optional adapters let you take on Metric V-Twins as well.

- 37-9352 MC25 Metric Engine Stand
- 37-9353 Metric V-Twin Adapters

BENCH MOUNTED WORK STAND

Bench Mounted work stand mounts to any flat surface (bolts not included) with a 4" x 4" base. It is 8" tall and 26" long fully open. Fully adjustable and designed to hold hard to grasp components of all shapes. Round stanchions, sliders, shocks, pistons, etc. can be held safely and securely. The 360° rotation of the clamp makes servicing from all angles a breeze. The work stand clamp also features fully adjustable clamping pressure for components up to 4 inches (100mm) in diameter or width. Non-marring, Elvax® replaceable jaw inserts provide a supple yet firm grip. Total weight is 14 lbs. Stand can hold up to 80 lb.

- 35-5000 Bench Mount Work Stand
